CLUB 56 AND DBC KIDS

Dear Church Family,

We are coming off of a great meeting! God blessed us abundantly through the ministry of Life Action. Thank you for your faithfulness and support. Our final love offering to Life Action was over \$29,000. To God be the Glory! Sunday night I challenged you to develop an action plan. What changes do we need to make in reading of scripture, of our praying, and of our giving? We do not want to slip back into old habits.

This is the month of Thanksgiving. We have so much to be grateful for. God has certainly blessed us. We have a strong close fellowship and God is bringing new people all the time. Let's expand our circle of friendship.

I want us to work on retiring our debt. Would you pray about what your part could be in helping us...over and above your regular giving? We need this debt gone. Let's pull together.

May the Lord bless you!

Pastor Billy

Ladies, You Are Invited!

A nursery will be provided. **Sign up at the Welcome Center and indicate if you will need the nursery.** Ladies, We look forward to seeing you!

"Worlds Apart"

No two worlds seem further apart than the worlds of science and faith. In fact, sometimes the two seem so far apart that it feels like we have to pick a side. But are science and faith really as far from each other as we've been led to believe? First, in this series, we'll discover that science and faith can exist in the same space. Second, we'll study that you can trust *Someone* before you know everything. Last, students will be taught that you've got to build your faith on what matters most.
